## **JOIN ISLSM!**

### **Information and Application Form**

**The International Society for Laser Surgery and Medicine (ISLSM)** is the oldest such society, having been formed in 1975 by the Founding President, Professor Isaac Kaplan. In the intervening 3 decades plus, meetings have been held regularly worldwide which have been well-attended, interesting and extremely informative. The society is open to anyone working in the field of laser surgery, laser medicine, phototherapy and associated research. All health care professionals with interest in any of the above fields are invited to join the ISLSM, including but not limited to clinicians, dental surgeons, veterinary surgeons, nurse specialists, laser nurses, laser safety officers, and all paramedical staff.

The membership fees for the ISLSM are as follows. Recently, the Society voted to adopt the journal *Laser Therapy* as its official organ, and ISLSM members can receive this journal for no additional fee.

You may also join as a Life Member. Simply pay 10 years' fees in advance, and you will be enrolled as an honoured ISLSM Life Member.

So sign up today, and join the oldest association dedicated to all facets of photosurgery and phototherapy. Fill in and return the appropriate application form, together with the supplement for the journal, and start receiving 4 issues of *Laser Therapy* per annum with immediate effect.
